TOW HITCH

Lights:

Frontlights: **Low Beam: LED**
High Beam: LED

Comments:

“It’s time for an electric vehicle this beautiful, this sustainable, this innovative, and this functional, at this price.”–Henrik Fisker

The all-electric Fisker Ocean zero-emissions SUV is ready to disrupt the automotive world with its beautiful craftsmanship, ingenious engineering, innovation, affordability, and sustainability. Its sleek and modern design shines through the dramatically sculpted exterior and aggressive stance, combining a daring sports car dynamic with a durable and configurable SUV. The super-clean and luxurious interior is loaded with exciting features.

Outstanding Range

With an EPA-estimated total range of 360 miles(1) on standard 20" wheels, the Fisker Ocean Extreme and One trims have the longest range of any new electric SUV sold in the United States today. Both Fisker Ocean Extreme and One trims achieve a WLTP range of up to 707 km/440 miles UK(2), the longest range of any electric SUV sold in Europe today.

Emphasis on Design

Sleek, stylish, modern SUV. Dramatically sculpted exterior with an aggressive stance, clean lines, sleek surfaces, and ultra-slim lighting, combining a daring sports car dynamic with a durable and configurable SUV
