

RENAULT MÉGANE E-TECH ELECTRIC Iconic EV60 220hp optimum charge

Specification

Engine	eMotor
Battery package	60 kWh – range: 450 (up to 470) km WLTP
Power Output	160kW /218hp
Torque	300 Nm
Fuel consumption	
	homologation (charging): 16,1 (up to 15,5) kWh/100 km
	driving conditions: 13,3 (up to 12,8) kWh/100 km WLTP
CO ₂	0 g/km
Top speed	160 km/h
Acc. 0-100 km/h	7,4 sec.
Weight	1690 kg (<i>min 1624kg</i>)
Max. Towable mass (braked)	900 kg

The testcar is equipped with following items as standard:

- charge AC 7 kW / DC 130 kW
- 20" alloy wheels
- Two-tone body color
- Specific front/rear bumper decoparts (warm titanium)
- Electric & heating leather seats
- Laser cut real wood decoparts
- Automatic electric retractable front door handles
- Rear micro-optical 3D LED lights
- Premium audio by Harman Kardon
- OpenR cockpit : 12.3" cluster + 12" OpenR Link multimedia display with Google Automotive Services built-in
- Wi-fi replication (Android & Apple)
- Inductive smartphone charging
- Adaptive front lighting system
- 4 level regenerative braking with paddles
- Blind spot warning, Lane departure warning, lane keeping assist
- Fireman access
- Far side airbag

The testcar is equipped with this optional equipment:

- Optimum charge (AC 22kW / DC 130kW)
- Pack advanced driving assist
 - contextual ACC stop&go
 - emergency lane keeping assist

Lights:

Frontlights: **Low Beam: LED**
 High Beam: LED
Rearlights: **LED**

Autonomous Emergency Brake System (AEB):

AEB-City (8-30 km/h): Yes
AEB-Interurban: Yes **(Max speed: 160 km/h)**
Pedestrian brake: Yes **(Max speed: 85 km/h)**

Comments:

Pre-production car
