

Hot news in cool countryside

As always, the Tannistest is visited by very new car models, but this year we have extraordinary many brand-new models, that hasn't come on the market yet, has not or just very recently had their dynamic press launch or even no test drive, if only for very few markets. This goes for the Renault Mégane Electric, Ford Mustang Mach-E GT, Cupra Born, VW Multivan, DS 9 and MG Marvel R. Very new is also the Kia EV6, DS 4, Lynk & Co 01 and Peugeot 308.

Enjoy the beach

In this corner of Europe, it is allowed to drive on the beach – 300 meters from Tannishus. So, enjoy the spectacular drive here.

Remember to be careful and considerable, especially to pedestrians. The (recommended) speed limit is 30 km/h.

Also, the sand can be tricky. Please be aware of this when you drive and park. It is possible to drive 0.4 km to the left and 1.5 km to the right, before you meet small streams.

Welcome to a mask-free world

You have come to a country with very few Corona-restrictions. In fact, there isn't any left in Denmark – apart from airports/planes. So, enjoy!

No restrictions don't mean no Covid-19. The virus is still around, so be considerable to others and protect yourself. It is still a good idea to keep a distance when possible, ventilate rooms and to wash hands frequently and use hand sanitizer – especially before going to the buffet.

If you have symptoms of Covid-19 don't mingle with others. It might be wise to take a test. The nearest test center is Hirtshals, 16 km away, where you can get a free quick test (antigen) or PCR. (Address: Niels Juelsvej 6, Hirtshals) It's open daily 8-20 and booking isn't necessary.
