

After work: It's party time!

Though there is still about two days more of testing, many cars have now been driven intensely, photographed, and details discussed with experts.

So, it is fair to look forward to our traditional farewell party. The ceremonial highlight of the week, the Dinner of the Year, will be

served in the hotel's ballroom tonight at 20.00.

We will be more than 100 people. We will meet for a cocktail at 19.30 in the bar area. Dress code is 'business casual'.

I wish you a good testing day and a very nice evening!

Søren W. Rasmussen

A selection carefully chosen by the Danish PR-people. Soda water and beer available

Heavy traffic at the airport

The test at Sindal Airport was performed yesterday in a great cooperation between the industry and the journalists from mainly the Nordic countries. And the weather was pleasant.

All tests were executed almost before lunch-time – and just in time before the arrival of two aircraft.

The results can be found at Tannistest.com

Meet the experts

Today we will have the second interview sessions with experts and PR-people from the car industry: Audi, Dacia, DS, Ford, Hyundai, Kia, Lexus, Nissan, Renault, Skoda and Toyota.
